COMMUNITY ENGAGEMENT FORUM REPORT

Date: April 2025

Anti-social behaviour – Reports of Anti-social behaviour is still low. Though it is expected to increase as we reach the summer months.

The reports that we have received have been sporadic with no specific location suffering ongoing issues. There have been one or two calls to Elm Park and Millenium Green, but these have been linked to nuisance behaviour during the Easter holidays.

The team are continuing to patrol in and around SGS college to address any issues with the students.

Talk to Us Event was held at the leisure centre on 17/04. This was held outside due to the leisure centre being shut and it being too short notice to change location. The next one is arranged for 15/05. These are advertised on social media, our public beat page and via the Filton voice.

Community Engagement- PCSO'S have carried out engagement at Filton Hill primary with crime and consequences talk.

Another talk is planned for Charborough road school on 23/04.

Bike marking event completed on 07/04. 17 bikes marked and good engagement with those in attendance.

Crime Statistics For the month of April, up to 20/04 there has been 57 reported offences in the Filton area.

During the month of March there were 99 crimes reported in the area.

There had been a spike in burglary offences in March with 11 offences recorded for the month. The number of offences has decreased for April, with 3 offences recorded so far.

One offence is still actively being investigated with CCTV images released on social media and via local news to identify the suspect. There has been a push to increase patrols in the area.

There has also been a decrease in motor vehicle offences with offences halved to 3 compared to the previous month.

I would ask that the public report all suspicious incidents and if there is any footage then please send to the police, so that we can review the footage and link offences.

There have been 9 theft offences during the month. 4 of these offences are shop theft offences with the Sheild retail park reporting the most incidents.

Patrols are being conducted in the area to deter any further offences and CCTV being reviewed.
